What items are acceptable at this public drop-off facility?

Will my items be weighed for me on a scale?

There is no scale at this drop-off site. The attendant will estimate the cubic yard size of your load and add any items that have individual prices.

How big is a cubic yard?

A cubic yard is a pile of material that is 3 feet wide by 3 feet high by 3 feet deep. This is approximately the size of a normal kitchen range/oven. The drop-off site attendant determines the final pricing.

Will I have to unload my own vehicle?

Yes. The drop-off site may provide assistance at times, but will not do the primary unloading. Please have waste in appropriate containers so you do not hold up the line.
