

MARSH RIDGE HOMEOWNERS ASSOCIATION
DELANO, MINNESOTA
SNOW REMOVAL INFORMATION

- Snow removal is only done with snowfalls of 1 ½ inches or more.
- Snow removal normally begins after it has stopped snowing.
- Driveways will be opened prior to 6:00AM or as soon as the public streets have been plowed to their full width, by the City of Delano.
- Final cleanup of driveways to be done within 12 hours after snowfall ended on snowfalls of 6" or less.
- Final cleanup of driveways to be done within 18 hours after snowfall ended on snowfalls of 6-12" and within 24 hours after snowfall ended on snowfalls over 12".
- The same timeframes shall be applied to the removal of snow from all sidewalks and steps.
- Sanding/salting of driveways and sidewalks to be done at the request of the on site Marsh Ridge Board Member.
- If you have a vehicle parked in your driveway, YOU are responsible for removing the snow around the vehicle. Snow removal contractor does NOT have to plow any driveway with a vehicle parked in it.
- Please remove all flowerpots, planters, etc. from your driveway area. This only makes it harder for the contractor to remove the snow. The contractor IS NOT responsible for damage to any items left in the driveway.
- If you have any questions/concerns/problems, please contact one of your Board Members.
